| Supporting independence for people and families |
| Driving efficiency and accountability |

Achieve through system-wide strategies

- Stronger program connections
- Policy development & implementation
- Process improvements
- Evolved governance
- Technology solutions
- Performance measurement
- Data-driven decisions
HHSC Report to TLOC

By July 31, 2018, report and recommend:

• Whether each statutory advisory committee should be reestablished in rule, consolidated, or permanently discontinued;

• The need to continue DSHS as a state agency separate from HHSC;

• An assessment of the quality and consistency of data sharing, communication, and coordination between DFPS and HHSC;

• An assessment of any known or potential conflicts of interest concerning licensing and regulation activities by DFPS or HHSC; and

• An assessment of administrative efficiencies and associated savings as a result of Transformation (Special Provision 26, SB 1, 85th Legislature, Regular Session, 2017).
TLOC Reports to the Governor and Legislature

By December 1, 2018, report and recommend:

• The need to continue DSHS as a state agency separate from HHSC; and

• An assessment of data sharing, communication, and coordination between DFPS and HHSC.

By December 1, 2018, provide an update on the progress of and issues related to:

• The transfer of functions to HHSC and DFPS, including the need for any additional statutory changes required to complete the transfer of prevention and early intervention services functions to DFPS; and

• The reorganization of HHSC’s administrative structure and other provisions enacted by SB 200.
Overview of Procurement & Contracting Services
Three Key Goals

1. HHSC is doing everything it can to ensure there are no interruptions in services to clients.

2. HHSC is working to ensure there are no financial impacts to the state.

3. HHSC is committed to improving the agency’s procurement processes and restoring accountability and integrity to the process.
Procurement Process & Staff Issues

Failure of management to hold staff accountable for following processes attributed to errors in the scoring process.

Tabulate Final Scores
- Resolve Outliers
- Inconsistent Quality Control
Improvements to Procurement Processes to Date

HHSC brought in experts from the Comptroller’s Office, Department of Information Resources, and Internal Auditor to help with its procurement processes.

• Strengthened the procurement checklist, which will help ensure all steps in the process are completed in accordance with state law.

• Developed an approved, standardized scoring tool, which is now owned and locked by Quality Assurance (QA) to ensure correct processes going forward.

• Creating a new Quality Control (QC) team to increase oversight and triple check the scoring process before contracts are finalized.
New Steps in the Procurement Process

Finalize & Execute Contract

From start to finish, the procurement checklist is used to ensure all steps of the process are completed consistently and correctly.
Staffing and Training

**HHSC continues to fill critical vacancies in the Procurement & Contracting Services (PCS) Division.**

- Selected Bart Broz to serve as the acting Deputy Executive Commissioner for PCS.
- Hired Kay Molina as the Procurement & Contracting Quality Control Director.
- Moved other staff from within the agency to help with PCS until vacancies are filled.
- Increased accountability and empowered management to make sure the procurement process is done right.
- Providing additional training to ensure staff correctly and consistently follow polices and procedures.
Reviews of Procurement Process

**HHSC PCS**
- **Purpose:** Make recommended changes to master evaluation tool, validate evaluation scores for existing procurements, enhance quality assurance processes, and implement other process improvements directed by audit and review teams.
- **Estimated Completion Date:** Ongoing

**HHSC Internal Audit**
- **Purpose:** Review master evaluation tool and identify improvements (complete). Review procurement processes for consistency and compliance with state requirements and evaluate risk-based sample of past procurements to identify patterns of weaknesses.
- **Estimated Completion Date:** Summer 2018

**State Auditors Office**
- **Purpose:** Audit sample of past contracts to determine if contract management requirements were met.
- **Estimated Completion Date:** TBD

**HHSC Inspector General**
- **Purpose:** Investigate CHIP Rural Service Area procurement to determine presence of intentional misconduct.
- **Estimated Completion Date:** TBD

**HHSC Quality Control Team**
- **Purpose:** Validate refined tool and quality control processes. Review and validate existing procurements scoring prior to awards.
- **Estimated Completion Date:** September 2018 and Ongoing

**Expert Consultant for Process Redesign**
- **Purpose:** Assess current procurement and contracting policies, procedures, and practices; determine root causes of issues related to accuracy and integrity of the PCS system as identified by other reviews; develop an improvement plan to address root causes; and evaluate the effectiveness of implementing reforms identified by other reviews.
- **Estimated Completion Date:** TBD – vendor will begin work July 2018
