Ms. Jamie Snyder
State Medicaid/CHIP Director
Health and Human Services Commission
Post Office Box 13247
Mail Code H100
Austin, Texas 78711

Dear Ms. Snyder:

We have reviewed the State’s proposed amendment to the Texas State Plan submitted under Transmittal Number (TN) 17-0002, dated July 19, 2017. This plan amendment replaces the requirement that Medicaid managed care organizations (MCOs) reimburse Federally Qualified Health Centers (FQHCs) their full per-visit rate with a requirement that in the event that an MCO or dental maintenance organization pays less than the FQHC’s full per-visit rate, the State will ensure the remainder is paid on at least a quarterly basis.

Based on the information submitted, we have approved the amendment for incorporation into the official Texas State Plan, with an effective date of September 1, 2017. A copy of the CMS-179 and the approved plan pages are included with this letter.

If you have any questions please contact Ford Blunt of my staff. Mr. Blunt may be reached at (214) 767-6381 or by E-mail at Ford.Blunt@hhs.gov

Sincerely,

Bill Brooks

(31) Federally Qualified Health Centers (FQHC) (continued)

(b) Alternate Prospective Payment System (APPS) Methodology (continued)

(iv) HHSC will not increase the effective rate for an FQHC based on the outcome of a state-initiated cost report audit. It is the responsibility of the FQHC to request HHSC to adjust the effective rate.

(v) For PPS, the state-initiated review is not applicable.

(D) Final base rate notification letter. HHSC will provide to an FQHC written notification of any determined final base rate.

(E) Request for review of final base rate. The FQHC may submit a written request for a review of the final base rate if:

(i) The FQHC believes that HHSC made a mathematical error or data entry error in calculating the FQHC’s reasonable cost. If HHSC determines the request for review merits a change in the final base rate, HHSC will adjust the final base rate to the effective date of the final base rate notification letter.

(ii) The FQHC believes that the FQHC made an error in reporting its cost or data in the final audited Medicare cost report or the Texas Medicaid Supplemental Worksheets that would result in a different calculation of the FQHC’s reasonable cost. If HHSC determines the request for review merits a change in the final base rate, HHSC may adjust the final base rate to the effective date of the final base rate notification letter.

(iii) If the FQHC disagrees with the results of the review, the FQHC may request a formal appeal.

(9) A managed care organization or dental maintenance organization will pay to an FQHC the full amount the FQHC should receive under PPS or APPS for covered services performed by the FQHC. The state will reimburse the managed care organization the difference between the amount the managed care organization paid the FQHC and the amount the managed care organization has contracted to pay the FQHC. The state’s supplemental payment obligation to the managed care organization will be determined by subtracting the baseline payment under the contract for services being provided from the effective PPS or APPS rate without regard to the effects of financial incentives that are linked to utilization outcomes, reductions in patient costs, or bonuses. In the event that the contracted amount paid to an FQHC by a managed care organization or dental maintenance organization is less than the amount the FQHC would receive under PPS or APPS, whichever is applicable, the state will ensure the FQHC is reimbursed the difference on at least a quarterly basis.
(31) Federally Qualified Health Centers (FQHC) (continued)
   (b) Alternate Prospective Payment System (APPS) Methodology (continued)

   (A) For purposes of this section, the term “APPS” is an alternative payment methodology under 42 U.S.C. §1396a(bb)(6).

   (B) As stated in (31)(a) of this attachment, an FQHC may choose between payment under the PPS or APPS methodology.

   (C) As stated in (31)(b)(1) of this attachment, a payment made under the APPS methodology must be at least equal to the amount that would be paid under PPS
