Recovery management uses a person-centered recovery plan to provide intensive service coordination of HCBS-AMH services.

**Setting Requirements**

Services may be provided in:
- Individual homes and apartments.
- Assisted living facilities.
- Small community-based residences.

All settings must meet federal requirements according to 42 CFR §441.710 and licensure or certification. Settings regulations may be viewed at ecfr.gov/cgi-bin/text-idx.

**Open Enrollment**

The program’s provider agencies and recovery management entities will be enrolled by HHS through a non-competitive open enrollment process in all local behavioral and mental health authorities’ service areas.

For the notice of open enrollment and instructions to apply, visit hhs.texas.gov/hcbs-amh-providers. Click on the “How Do I Become an HCBS-AMH Provider?” link in the left panel.

**Contact HCBS-AMH**

To learn more about the program, visit hhs.texas.gov/hcbs-amh.

To apply or learn more about becoming a provider agency or recovery management entity, visit hhs.texas.gov/hcbs-amh-providers.

Email general inquiries to HCBS-AMH-Services @hhsc.state.tx.us.
HCBS-AMH helps people:
- Continue to recover from serious mental illness and substance use disorder.
- Manage their physical and mental well-being.
- Gain stable and safe housing.
- Take part in daily life activities to reach personal goals.
- Connect with community partners.
- Build self-confidence and independence.

Referral Process
A person may be referred to the program by a state hospital or local behavioral or mental health authority. Once referred, the applicant is evaluated and HHS verifies eligibility. If they're eligible, the person is enrolled in the program by HHS with the help of the referring entity.

Program Eligibility Criteria
Initial eligibility requirements:
- Primary diagnosis of serious mental illness
- Age 18 years or older
- Income below 150 percent of the federal poverty level
- Able to live in a community with program services
- Actively receiving Medicaid or are Medicaid-eligible if discharged from a state hospital

Three eligibility groups:
- Long-term psychiatric hospitalization: Three or more cumulative or consecutive years spent in an inpatient psychiatric hospital during the five years before the referral
- Jail diversion: Four arrests and two psychiatric crises during the three years before the referral
- Emergency room diversion: 15 or more emergency room visits for any reason and two psychiatric crises during the three years before the referral

Services
Program provider agencies offer:
- Host home and companion care
- Supervised living services
- Assisted living
- Supported home living
- Psychosocial rehabilitation
- Employment services
- Minor home modifications
- Home-delivered meals
- Transition assistance
- Adaptive aids
- Transportation services
- Community psychiatric supports and treatment
- Peer support
- Short-term respite
- Substance use disorder services
- Nursing

For full list of local mental or behavioral health authorities, visit hhs.texas.gov/find-lmha-bha.
