The Executive Commissioner of the Texas Health and Human Services Commission (HHSC) adopts on an emergency basis in Title 26, Part 1, Texas Administrative Code, Chapter 551, Intermediate Care Facilities for Individuals with an Intellectual Disability or Related Conditions, Subchapter C, new §551.48. HHSC is adopting this emergency rule to track vaccinations of staff and residents in intermediate care facilities in Texas in response to COVID-19. As authorized by Texas Government Code, §2001.034, HHSC may adopt an emergency rule without prior notice or hearing upon finding that an imminent peril to the public health, safety, or welfare requires adoption on fewer than 30 days’ notice. Emergency rules adopted under Texas Government Code, §2001.034, may be effective for not longer than 120 days and may be renewed for not longer than 60 days.

BACKGROUND AND PURPOSE

The purpose of the emergency rulemaking is to support the Governor’s March 13, 2020, proclamation certifying that the COVID-19 virus poses an imminent threat of disaster in the state and declaring a state of disaster for all counties in Texas. In this proclamation, the Governor authorized the use of all available resources of state government and of political subdivisions that are reasonably necessary to cope with this disaster and directed that government entities and businesses would continue providing essential services. HHSC accordingly finds that an imminent peril to the public health, safety, and welfare of the state requires immediate adoption of this emergency rule for ICF/IID Provider COVID-19 Vaccination Data Reporting Requirement.

To protect individuals receiving ICF/IID services and the public health, safety, and welfare of the state during the COVID-19 pandemic, HHSC is adopting an emergency rule to require ICF/IIDs to accurately report COVID-19 vaccination data for staff and residents in the format established by HHSC within 24 of completing or receiving a round of vaccinations. The emergency rule is necessary to accurately track vaccinations of staff and residents in intermediate care facilities in Texas.

STATUTORY AUTHORITY

The emergency rulemaking is adopted under Texas Government Code, §2001.034 and §531.0055, and Texas Health and Safety Code §§252.031 - 252.033 and 242.043. Texas Government Code, §2001.034, authorizes the adoption of emergency rules without prior notice and hearing, if an agency finds that an imminent peril to the public health, safety, or welfare requires adoption of a rule on fewer than 30 days’ notice. Texas Government Code, §531.0055, authorizes the
Executive Commissioner of HHSC to adopt rules and policies necessary for the operation and provision of health and human services by the health and human services system. Texas Health and Safety Code §§252.031 - 252.033 require the Executive Commissioner of HHSC to establish rules prescribing the minimum standards and process for licensure as an intermediate care facility. Texas Health and Safety Code §252.043 establishes HHSC’s authority to conduct an inspection, survey or investigation at an intermediate care facility to determine if the intermediate care facility is in compliance with the minimum acceptable levels of care for individuals who are living in an intermediate care facility, and the minimum acceptable life safety code and physical environment requirements.

The agency hereby certifies that the emergency rulemaking has been reviewed by legal counsel and found to be a valid exercise of the agency’s legal authority.
