

TITLE 26 HEALTH AND HUMAN SERVICES  
PART 1 HEALTH AND HUMAN SERVICES COMMISSION  
CHAPTER 553 LICENSING STANDARDS FOR ASSISTED LIVING FACILITIES  
SUBCHAPTER K COVID-19 EMERGENCY RULE

EMERGENCY RULE ADOPTION PREAMBLE

Effective October 16, 2020

The Executive Commissioner of the Health and Human Services Commission (HHSC) adopts on an emergency basis in Title 26, Texas Administrative Code, Chapter 553, Licensing Standards for Assisted Living Facilities, Subchapter K, COVID-19 Emergency Rule, new §553.2003, an emergency rule in response to COVID-19 describing requirements for limited indoor and outdoor visitation in a facility. As authorized by Texas Government Code §2001.034, the Commission may adopt an emergency rule without prior notice or hearing if it finds that an imminent peril to the public health, safety, or welfare requires adoption on fewer than 30 days' notice. Emergency rules adopted under Government Code §2001.034 may be effective for not longer than 120 days and may be renewed for not longer than 60 days.

BACKGROUND AND PURPOSE

The purpose of the emergency rulemaking is to support the Governor's March 13, 2020, proclamation certifying that the COVID-19 virus poses an imminent threat of disaster in the state and declaring a state of disaster for all counties in Texas. In this proclamation, the Governor authorized the use of all available resources of state government and of political subdivisions that are reasonably necessary to cope with this disaster and directed that government entities and businesses would continue providing essential services. HHSC accordingly finds that an imminent peril to the public health, safety, and welfare of the state requires immediate adoption of this emergency rule for Assisted Living Facility COVID-19 Response – Expansion of Reopening Visitation.

To protect assisted living facility residents and the public health, safety, and welfare of the state during the COVID-19 pandemic, HHSC is adopting an emergency rule to require limited indoor and outdoor visitation in an assisted living facility. The purpose of the new rule is to describe the requirements related to such visits.

STATUTORY AUTHORITY

The emergency rulemaking is adopted under Texas Government Code §2001.034 and §531.0055, and Texas Health and Safety Code §247.025 and §247.026. Texas Government Code §2001.034 authorizes the adoption of emergency rules without prior notice and hearing, if an agency finds that an imminent peril to the public health, safety, or welfare requires adoption of a rule on fewer than 30 days' notice. Texas Government Code §531.0055 authorizes the Executive Commissioner of HHSC to adopt rules and policies necessary for the operation and provision of health and human services by HHSC. Texas Health and Safety Code §247.026

requires the Executive Commissioner of HHSC to adopt rules prescribing minimum standards to protect the health and safety of assisted living facility residents.

The new section implements Texas Government Code §531.0055 and Texas Health and Safety Code Chapter 247.

The agency hereby certifies that the emergency adoption has been reviewed by legal counsel and found to be a valid exercise of the agency's legal authority.

TITLE 26 HEALTH AND HUMAN SERVICES  
PART 1 HEALTH AND HUMAN SERVICES COMMISSION  
CHAPTER 553 LICENSING STANDARDS FOR ASSISTED LIVING FACILITIES  
SUBCHAPTER K COVID-19 EMERGENCY RULE

§553.2003. Assisted Living Facility COVID-19 Response – Expansion of Reopening Visitation.

(a) The following words and terms, when used in this subchapter, have the following meanings.

(1) Closed window visit--A personal visit between a visitor and a resident during which the resident and visitor are separated by a closed window and the visitor does not enter the building permitted at all facilities, for all residents.

(2) COVID-19 negative--A person who has tested negative for COVID-19 or meets the criteria for discontinuation for transmission-based precautions, is not exhibiting symptoms of COVID-19, and has had no known exposure to the virus since the negative test.

(3) COVID-19 positive--A person who has tested positive for COVID-19 and does not yet meet Centers for Disease Control and Prevention (CDC) guidance for the discontinuation of transmission-based precautions.

(4) End-of-life visit--A personal visit between a visitor and a resident who is actively dying, permitted in all facilities for all residents at the end of life.

(5) Essential caregiver--A family member or other outside caregiver, including a friend, volunteer, private personal caregiver or court appointed guardian, who is at least 18 years old, designated to provide regular care and support to a resident.

(6) Essential caregiver visit--A personal visit between a resident and an essential caregiver as described in subsection (o) of this section. An essential caregiver visit is permitted in all facilities for COVID-19 negative and unknown COVID-19 status residents.

(7) Facility-acquired COVID-19 infection--COVID-19 infection that is acquired after admission to an assisted living facility and that was not present at the end of the 14-day quarantine period following admission or readmission.

(8) Large assisted living facility—An assisted living facility licensed for 17 or more residents.

(9) Open window visit--A personal visit between a visitor and a resident during which the resident and personal visitor are separated by an open window.

(10) Outbreak--One or more laboratory confirmed cases of COVID-19 identified in either a resident or paid or unpaid staff.

(11) Outdoor visit--A personal visit between a resident and one or more personal visitors that occurs in-person in a dedicated outdoor space.

(12) Persons providing critical assistance--Providers of essential services, persons with legal authority to enter, family members or friends of residents at the end of life, and two designated essential caregivers as described in subsection (o) of this section.

(13) Persons with legal authority to enter--Law enforcement officers, representatives of the long-term care ombudsman's office, and government personnel performing their official duties.

(14) Plexiglass indoor visit--A personal visit between a resident and one or more personal visitors, during which the resident and the visitor are both inside the facility but within a booth separated by a plexiglass barrier and the resident remains on one side of the barrier and the visitor remains on the opposite side of the barrier.

(15) Providers of essential services--Contract doctors, contract nurses, home health and hospice workers, and mental health specialists whose services are necessary to ensure resident health and safety.

(16) Salon services visit--A personal visit between a resident and a salon services visitor as described in subsection (q) of this section. All facilities may permit salon services visits for COVID-19 negative residents.

(17) Salon services visitor--A barber, beautician or cosmetologist providing hair care or personal grooming services to a resident.

(18) Small assisted living facility--An assisted living facility licensed for 16 or fewer residents.

(19) Unknown COVID-19 status--A person who is a new admission or readmission or who has spent one or more nights away from the facility, has had known exposure or close contact with a person who is COVID-19 positive, or who is exhibiting symptoms of COVID-19 while awaiting test results.

(20) Vehicle parade--A personal visit between a resident and one or more personal visitors, during which the resident remains outdoors on the assisted living facility campus, and a visitor drives past in a vehicle.

(b) An assisted living facility must screen all visitors prior to entry as described in subsection (c). Visitor screenings must be documented in a log kept at the entrance to the facility. Visitor screening logs must include the name of each person

screened, the date and time of the screening, and the results of the screening. The visitor screening log may contain protected health information and must be protected in accordance with applicable state and federal law. An assisted living facility is not required to screen emergency services personnel entering the facility in an emergency or personal visitors participating in a vehicle parade or a closed window visit.

(c) Visitors who meet any of the following screening criteria must leave the assisted living facility campus and reschedule the visit:

(1) fever defined as a temperature of 100.4 Fahrenheit and above;

(2) signs or symptoms of COVID-19, including chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, or diarrhea;

(3) any other signs and symptoms as outlined by the CDC in Symptoms of Coronavirus at [cdc.gov](https://www.cdc.gov); or

(4) contact in the last 14 days with someone who has a confirmed diagnosis of COVID-19, is under investigation for COVID-19, or is ill with a respiratory illness, unless the visitor is seeking entry to provide critical assistance; or

(5) has a positive COVID-19 test result from a test performed in the last 10 days.

(d) An assisted living facility must allow persons providing critical assistance, including essential caregivers, to enter the assisted living facility if they pass the screening in subsection (c) of this section, except as provided in subsection (o)(8)(H) and (o)(9)(F) of this section.

(e) An assisted living facility must allow essential caregiver visits, end-of life visits and closed window visits in accordance with this section. Approved visitation designation for a facility is not required for a closed window visit, end-of-life visit, or visits by persons providing critical assistance, including essential caregivers as defined in subsection (a)(1), (4), and (5) of this section.

(f) Except as approved by HHSC under subsection (k) of this section, an assisted living facility with an approved visitation designation by HHSC must allow outdoor visits, open window visits, vehicle parades, and plexiglass indoor visits with residents with COVID-19 negative status.

(g) An assisted living facility must request a facility visitation designation by submitting a completed Long-term Care Regulation (LTCR) Form 2196, COVID-19 Status Attestation Form, including a facility map indicating which areas, which include enclosed rooms such as bedrooms or activities rooms, units, wings, halls, or buildings which accommodate COVID-19 negative, COVID-19 positive, and

unknown COVID-19 status residents, to the Regional Director in the LTCR Region where the facility is located. A facility with previous approval for visitation does not have to submit Form 2196 and a facility map, unless the previous visitation approval has been withdrawn, rescinded, or cancelled.

(h) To receive a facility visitation designation, an assisted living facility must demonstrate:

\_\_\_ (1) there are separate areas, which include enclosed rooms such as bedrooms, or activities rooms, units, wings, halls, or buildings for resident cohorts who are COVID-19 positive, COVID-19 negative or unknown COVID-19 status;

\_\_\_ (2) separate staff are working in the separate areas, units, wings, halls, or buildings for residents who are COVID-19 positive, COVID-19 negative or unknown COVID-19 status;

\_\_\_ (3) there have been no confirmed COVID-19 cases for at least 14 consecutive days in staff working in the area, unit, wing, hall, or building, which accommodates residents who are COVID-19 negative;

\_\_\_ (4) there have been no facility-acquired COVID-19 confirmed cases for at least 14 consecutive days in residents in the COVID-19 negative area, unit, wing, hall, or building;

\_\_\_ (5) staff are designated to work with only one resident cohort and the designation does not change from one day to another;

\_\_\_ (6) evidence upon HHSC request of daily screening for staff and residents, if a testing strategy is not used; and

\_\_\_ (7) if an assisted living facility has had previous cases of COVID-19 in staff or residents in the area, unit, wing, hall, or building, which accommodates residents who are COVID-19 negative, HHSC LTCR may conduct a verification survey to confirm the following:

\_\_\_\_\_ (A) all staff and residents in the COVID-19 negative area, unit, wing, hall, or building have fully recovered;

\_\_\_\_\_ (B) the assisted living facility has adequate staffing to continue care for all residents and monitor visits permitted by this section; and

\_\_\_\_\_ (C) the assisted living facility is in compliance with infection control requirements and emergency rules related to COVID-19.

(i) A small assisted living facility that cannot provide separate areas, including enclosed rooms such as bedrooms or activities rooms, units, wings, halls, or

buildings for residents who are COVID-19 positive, COVID-19 negative or unknown COVID-19 status must demonstrate:

(1) there have been no confirmed COVID-19 cases for at least 14 consecutive days in staff;

(2) there have been no facility-acquired COVID-19 confirmed cases for at least 14 consecutive days in residents; and

(3) if an assisted living facility has had previous cases of COVID-19 in staff or residents, HHSC LTCR may conduct a verification survey and confirm the following:

(A) all staff and residents have fully recovered;

(B) the assisted living facility has adequate staffing to continue care for all residents and monitor visits permitted by this section; and

(C) the assisted living facility is in compliance with infection control requirements and emergency rules related to COVID-19.

(j) An assisted living facility that does not meet the criteria in subsection (h) or (i) of this section to receive a visitation designation, must:

(1) continue to permit closed window visits and visits by persons providing critical assistance, including essential caregiver visits and end-of-life visits;

(2) develop and implement a plan describing the steps the facility intends to take in order to meet the criteria; and

(3) submit the plan to the Regional Director in the LTCR Region where the facility is located within five business days of submitting the form or of receiving notification from HHSC that the facility was not approved for visitation designation.

(k) An assisted living facility may request exemption from requirements of this section that a facility with a visitation designation allow certain personal visits. Facilities may not request and HHSC will not approve an exemption from closed window visits or visits by persons providing critical assistance, including essential caregivers and end-of-life visits. If the assisted living facility determines it is unable to meet one or more of the other visitation requirements of this section, the facility must request exemption from that requirement and explain its inability to meet the visitation requirement on the COVID-19 Status Attestation Form. HHSC will notify the assisted living facility if a temporary exemption for a specific visit type is granted and the time period for exemption.

(l) Except if approved by HHSC for an exemption under subsection (k) of this section, an assisted living facility with a facility visitation designation must allow outdoor visits, open window visits, vehicle parades, and plexiglass indoor visits

involving residents and personal visitors. The following requirements apply to all visitation required under this subsection, and other visitation types as specified:

- (1) Visits must be scheduled in advance and are by appointment only.
- (2) Visitation appointments must be scheduled to allow time for cleaning and sanitation of the visitation area between visits.
- (3) An assisted living facility must allow outdoor visits, open window visits, vehicle parades, and plexiglass indoor visits for residents who are COVID-19 negative, as can be accommodated by the assisted living facility. Residents with unknown COVID-19 status or COVID-19 positive status cannot participate in outdoor visits, open window visits, vehicle parades, or plexiglass indoor visits.
- (4) The assisted living facility must allow closed window visits and end-of-life visits for residents who are COVID-19 negative, COVID-19 positive, or unknown COVID-19 status, as can be accommodated by the assisted living facility.
- (5) Physical contact between residents and visitors is prohibited, except for essential caregiver and end-of-life visits.
- (6) An assisted living facility must allow visits where adequate space is available that meets criteria and when adequate staff are available to monitor visits. Essential caregiver visits and end-of-life visits can take place in the resident's room or other area of the facility separated from other residents. The assisted living facility must limit the movement of the visitor through the facility to ensure interaction with other residents is minimized.
- (7) The visitor must wear a facemask or face covering over both the mouth and nose throughout the visit, except visitors participating in a vehicle parade or closed window visit.
- (8) The resident must wear a facemask or face covering over both the mouth and nose (if tolerated) throughout the visit.
- (9) The assisted living facility must ensure physical distancing of at least six feet is maintained between visitors and residents at all times and limit the number of visitors and residents in the visitation area as needed to ensure physical distancing is maintained. Essential caregiver and end-of-life visitors do not have to maintain physical distancing between themselves and the resident they are visiting but must maintain physical distancing between themselves and all other residents, staff, and other visitors.
- (10) The assisted living facility must limit the number of visitors per resident per week, and the length of time per visit, to ensure equal access by all residents to visitors.

(11) Cleaning and disinfecting of the visitation area, furniture, and all other items must be performed, per CDC guidance, before and after each visit.

(12) The assisted living facility must ensure a comfortable and safe outdoor visiting area for outdoor visits, and vehicle parades, considering outside air temperatures and ventilation.

(13) For outdoor visits, the assisted living facility must designate an outdoor area for visitation that is separated from residents and limits the ability of the visitor to interact with residents.

(14) The assisted living facility must provide hand washing stations, or hand sanitizer, to the visitor and resident before and after visits, except visitors participating in a vehicle parade or closed window visit.

(15) The visitor and the resident must practice hand hygiene before and after the visit, except visitors participating in a vehicle parade or closed window visit.

(m) The following requirements apply to vehicle parades:

(1) Visitors must remain in their vehicles throughout the parade.

(2) The assisted living facility must ensure physical distancing of at least six feet is maintained between residents throughout the parade.

(3) The assisted living facility must ensure residents are not closer than 10 feet to the vehicles for safety reasons.

(4) The resident must wear a facemask or face covering over both the mouth and nose (if tolerated) throughout the visit.

(n) The following requirements apply to plexiglass indoor visits:

(1) The plexiglass booth must be installed in an area of the facility where it does not impede a means of egress, does not impede or interfere with any fire safety equipment or system, and does not offer access to the rest of the facility or contact between the visitors and other residents.

(2) Prior to using the booth, the facility must submit for approval a photo of the plexiglass visitation booth and its location in the facility to the Life Safety Code Program Manager in the LTCR Region in which the facility is located.

(3) The visit must be monitored by facility staff for the duration of the visit.

(4) The resident must wear a facemask or face covering over both the mouth and nose (if tolerated) throughout the visit.

(5) The visitor must wear a facemask or face covering over both the mouth and nose throughout the visit.

(6) The facility shall limit the number of visitors and residents in the visitation area as needed.

(o) The following requirements apply to essential caregiver visits:

(1) There may be up to two permanently designated essential caregiver visitors per resident.

(2) Only one essential caregiver at a time may visit a resident.

(3) Each visit is limited to two hours, unless the assisted living facility can only accommodate a visit for a shorter duration or that it can accommodate a longer duration and adjusts the duration of the visit accordingly.

(4) The visit may occur outdoors, in the resident's bedroom, or in another area in the facility that limits visitor movement through the facility and interaction with other residents.

(5) Essential caregiver visitors do not have to maintain physical distancing between themselves and the resident they are visiting but must maintain physical distancing between themselves and all other residents and staff.

(6) The resident must wear a facemask or face covering over both the mouth and nose (if tolerated) throughout the visit.

(7) The assisted living facility must develop and enforce essential caregiver visitation policies and procedures, which include:

(A) a testing strategy for designated essential caregivers;

(B) a written agreement that the essential caregiver understands and agrees to follow the applicable policies, procedures, and requirements;

(C) training each designated essential caregiver on proper personal protective equipment (PPE) usage and infection control measures, hand hygiene, and cough and sneeze etiquette;

(D) wearing a facemask and other appropriate PPE recommended by CDC guidance and the facility's policy while in the assisted living facility;

(E) expectations regarding using only designated entrances and exits as directed;

\_\_\_\_\_ (F) limiting visitation to the outdoor visitation area, the resident's room, or other area of the facility that limits the visitor's movement through the facility and interaction with other residents;

\_\_\_\_\_ (G) facility staff must escort the essential caregiver from the facility entrance to the designated visitation area at the start of each visit; and

\_\_\_\_\_ (H) facility staff must escort the essential caregiver from the designated visitation area to the facility exit at the end of each visit.

\_\_\_\_\_ (8) The assisted living facility must:

\_\_\_\_\_ (A) inform the essential caregiver of applicable policies, procedures, and requirements;

\_\_\_\_\_ (B) approve the visitor's facemask and any other appropriate PPE recommended by CDC guidance and the facility's policy or provide an approved facemask and other PPE;

\_\_\_\_\_ (C) maintain documentation of the essential caregiver visitor's agreement to follow the applicable policies, procedures, and requirements;

\_\_\_\_\_ (D) maintain documentation of the essential caregiver visitor's training as required in paragraph (7)(C) of this subsection;

\_\_\_\_\_ (E) maintain documentation of the date of the last COVID-19 test as reported by the essential caregiver.

\_\_\_\_\_ (F) document the identity of each essential caregiver in the resident's records and verify the identity of the essential caregiver by creating an essential caregiver visitor badge;

\_\_\_\_\_ (G) maintain a record of each essential caregiver visit, including:

\_\_\_\_\_ (i) the date and time of the arrival and departure of the essential caregiver visitor;

\_\_\_\_\_ (ii) the name of the essential caregiver visitor;

\_\_\_\_\_ (iii) the name of the resident being visited; and

\_\_\_\_\_ (iv) attestation that the identity of the essential caregiver visitor was confirmed; and

\_\_\_\_\_ (H) prohibit visitation by the essential caregiver if the resident has an active COVID-19 infection.

(9) The essential caregiver must:

(A) wear a facemask over both the mouth and nose and any other appropriate PPE recommended by CDC guidance and the facility's policy while in the assisted living facility;

(B) have a negative COVID-19 test no more than 14 days before the first essential caregiver visit, unless the assisted living facility chooses to perform a rapid test prior to entry in the assisted living facility;

(C) sign an agreement to leave the facility at the appointed time unless otherwise approved by the facility;

(D) self-monitor for signs and symptoms of COVID-19;

(E) not participate in visits if the designated essential caregiver has signs and symptoms of COVID-19 or an active COVID-19 infection; and

(F) not participate in visits if the resident has an active COVID-19 infection.

(p) A facility may allow a salon services visitor to enter the facility to provide services to a resident only if:

(1) the salon services visitor passes the screening described in subsection (c) of this section;

(2) the salon services visitor agrees to comply with the most current version of the Minimum Standard Health Protocols- Checklist for Cosmetology Salons/Hair Salons, located on website: <https://open.texas.gov/>; and

(3) the requirements of subsection (q) of this section are met.

(q) The following requirements apply to salon services visits:

(1) Each visit is limited to two hours, unless the assisted living facility determines that it can only accommodate a visit for a shorter duration or that it can accommodate a longer duration and adjusts the duration of the visit accordingly.

(2) The visit may occur outdoors, in the resident's bedroom, or in another area in the facility that limits visitor movement through the facility and interaction with other residents.

(3) Salon services visitors do not have to maintain physical distancing between themselves and each resident they are visiting but must maintain physical distancing between themselves and all other residents and staff.

(4) The resident must wear a facemask or face covering over both the mouth and nose (if tolerated) throughout the visit.

(5) The assisted living facility must develop and enforce salon services visitation policies and procedures, which include:

(A) a testing strategy for salon services visitors;

(B) a written agreement that the salon services visitor understands and agrees to follow the applicable policies, procedures, and requirements;

(C) training each salon services visitor on proper PPE usage and infection control measures, hand hygiene, and cough and sneeze etiquette;

(D) the salon services visitor must wear a facemask and any other appropriate PPE recommended by CDC guidance and the facility's policy while in the assisted living facility;

(E) expectations regarding using only designated entrances and exits as directed;

(F) limiting visitation to the area designated by the facility in accordance with (o)(2) of this subsection;

(G) facility staff must escort the salon services visitor from the facility entrance to the designated visitation area at the start of each visit; and

(H) facility staff must escort the salon services visitor from the designated visitation area to the facility exit at the end of each visit;

(6) The assisted living facility must:

(A) inform the salon services visitor of applicable policies, procedures, and requirements;

(B) approve the visitor's facemask or provide an approved facemask;

(C) maintain documentation of the salon services visitor's agreement to follow the applicable policies, procedures and requirements;

(D) maintain documentation of the salon services visitor's training as required in paragraph (5)(C) of this subsection;

(E) maintain documentation of the date of last COVID-19 test as reported by the salon services visitor;

\_\_\_\_\_ (F) document the identity of each salon services visitor in the facility's records and verify the identity of the salon services visitor by creating a salon services visitor badge; and

\_\_\_\_\_ (G) maintain a record of each salon services visit, including:

\_\_\_\_\_ (i) the date and time of the arrival and departure of the salon services visitor;

\_\_\_\_\_ (ii) the name of the salon services visitor;

\_\_\_\_\_ (iii) the name of the resident being visited; and

\_\_\_\_\_ (iv) attestation that the identity of the salon services visitor was confirmed; and

\_\_\_\_\_ (H) prevent visitation by the salon services visitor if the resident has an active COVID-19 infection.

\_\_\_\_\_ (7) The salon services visitor must:

\_\_\_\_\_ (A) wear a facemask over both the mouth and nose and any other appropriate PPE recommended by CDC guidance and the facility's policy while in the assisted living facility;

\_\_\_\_\_ (B) have a negative COVID-19 test result from a test performed no more than 14 days before the first salon services visit, unless the assisted living facility chooses to perform a rapid test prior to entry in the assisted living facility.

\_\_\_\_\_ (C) sign an agreement to leave the facility at the appointed time unless otherwise approved by the facility.

\_\_\_\_\_ (D) self-monitor for signs and symptoms of COVID-19;

\_\_\_\_\_ (E) not participate in visits if the salon services visitor has signs and symptoms of COVID-19, active COVID-19 infection; and

\_\_\_\_\_ (F) not participate in visits if the resident has an active COVID-19 infection.

\_\_\_\_\_ (8) The facility may cancel the salon services visit if the salon services visitor fails to comply with the facility's policy regarding salon services visits or applicable requirements in this section.

(r) An assisted living facility must provide instructional signage throughout the facility and proper visitor education regarding:

\_\_\_\_\_ (1) the signs and symptoms of COVID-19 signs;

(2) infection control precautions; and

(3) other applicable facility practices (e.g. use of facemask or other appropriate PPE, specified entries and exits, routes to be designated visitation areas, hand hygiene).

(s) If, at any time after facility visitation designation is approved by HHSC, the area, unit, wing, hall, or building accommodating residents who are COVID-19 negative, or facility-wide for small assisted living facilities that received visitation designation in accordance with subsection (g) of this section, experiences an outbreak of COVID-19, the facility must notify the Regional Director in the LTRC Region where the facility is located that the area, unit, wing, hall, building or facility no longer meets visitation criteria, and all visit types authorized under the facility's visitation designation, including outdoor visits, open window visits, vehicle parades, and indoor plexiglass visits, must be cancelled until the area, unit, wing, hall, building or facility meets the criteria described in subsections (h) or (i) of this section.

(t) If an assisted living fails to comply with the requirements of this section, HHSC may rescind the visitation designation and may impose licensure remedies in accordance with Subchapter H of this chapter.

(u) If an executive order or other direction is issued by the Governor of Texas, the President of the United States, or another applicable authority, that is more restrictive than this rule or any minimum standard relating to an assisted living facility, the assisted living facility must comply with the executive order or other direction.
