EVV Vendor Selection Policy for Cures Act EVV Expansion

Effective Jan. 1, 2020, Cures Act program providers and FMSAs delivering services subject to the 21st Century Cures Act Section 12006 (Cures Act) must select an EVV vendor from the HHSC state pool and begin the EVV onboarding process or elect to use an EVV proprietary system before May 1, 2020.

Cures Act program providers and FMSAs who do not select an EVV vendor system or elect to use an EVV proprietary system by May 1, 2020 will have an EVV vendor assigned by HHSC.
EVV Vendor Selection Policy for Cures Act EVV Expansion (cont.)

Cures Act program providers and FMSAs must:
- Select to use only one EVV system.
- Complete all required EVV system training before access is granted to the EVV system.
- Ensure additional EVV system users complete the EVV system training prior to gaining access.

CDS employers will use the EVV system selected by their FMSA.
The Cures Act EVV expansion begins Jan. 1, 2020 and will require EVV for Medicaid personal care services claim reimbursements.

HHSC will announce the effective date of Cures Act EVV claim denials for no matching EVV visit transactions as part of the revised HHSC Cures Act implementation timeline.

Programs, services, and service delivery options subject to the Cures Act EVV expansion are on the HHSC EVV website and are listed on pages 1-2 of the Programs, Services, and Service Delivery Options Required to Use EVV document.
EVV Vendors

Texas Medicaid & Healthcare Partnership (TMHP) has selected two Electronic Visit Verification (EVV) vendors on behalf of the Health and Human Services Commission (HHSC):

Cures Act program providers and FMSAs can now select an EVV vendor and begin the onboarding process.

Before selecting an EVV vendor, Cures Act program providers and FMSAs are encouraged to:

• Research the EVV vendors.
• Ask questions.
• Learn about how their EVV vendor systems work; such as their clock in and clock out methods.
Selecting an EVV Vendor (2 of 3)

Cures Act program providers and FMSAs are also encouraged to:

• Determine which EVV vendor system best fits their business needs.
• Identify the training methods the EVV vendors will use to train on their EVV vendor systems.
• Access TMHP’s EVV Vendors webpage to view additional information.
Selecting an EVV Vendor (3 of 3)

To select an EVV vendor, the program provider’s/FMSA’s signature authority; and, if applicable, the program provider’s/FMSA’s EVV System Administrator must:

- Complete the EVV Provider Onboarding Form (located on each EVV vendor’s website) and submit the form directly to the EVV vendor.
EVV Provider Onboarding Process

The EVV vendor will review the EVV Provider Onboarding Form and confirm all required fields are complete and accurate.

Once the form is complete and accurate, the EVV vendor will contact the Program Provider/FMSA EVV System Administrator within five business days of receipt of the completed form to initiate the EVV Provider Onboarding Process and schedule an appointment.
EVV Provider Onboarding Process (cont.)

The EVV vendor will provide further onboarding and training instructions.

The EVV provider onboarding process is complete when the Program Provider/FMSA EVV System Administrator:

- Completes all required EVV training.
- Obtains log-in credentials from the EVV vendor.
- Sets up at least one provider profile in the EVV vendor system.
