Electronic Visit Verification
Existing Provider EVV Training Requirements Checklist

Aug. 17, 2020

This document provides training checklists for existing program providers and service attendants currently required to use EVV by state law.

Program providers, financial management services agencies (FMSAs) and consumer directed servicers (CDS) employers affected by the Cures Act EVV Expansion should refer to the Cures Act EVV Checklists for training requirements. To confirm EVV-required services by program, refer to pages 1-2 for Cures Act, and pages 3-4 for Existing EVV.

Program providers must keep up-to-date records of training completion for all users of the EVV system because HHSC or a managed care organization (MCO) may request proof of completed training. Do not submit proof of training completion to HHSC, an MCO, or Texas Medicaid & Healthcare Partnership (TMHP), unless requested. For more information about training requirements, refer to the HHSC EVV Training Policy.

**EVV Training Requirements if Using an EVV Vendor System (DataLogic/Vesta or First Data/AuthentiCare):**

- Program Providers
- Service Attendants

**EVV Training Requirements if Using an EVV Proprietary System (purchased or developed by program provider):**

- Program Providers
- Service Attendants

**Questions?**

See the EVV Contact Information Guide (PDF) for a detailed list of topics and points of contact for all EVV-related questions and issues.
## Program Providers Using an EVV Vendor System  
(DataLogic/Vesta or First Data/AuthentiCare)

<table>
<thead>
<tr>
<th>EVV Training Requirement</th>
