HHSC currently requires Electronic Visit Verification for about 90 percent of Medicaid personal care services. The programs and services currently required to use EVV are listed on page 3.

The 21st Century Cures Act will require EVV for all Medicaid personal care services. The programs, services, and service delivery options affected by the 21st Century Cures Act are listed in the table below.

More information about the 21st Century Cures Act is available on the HHSC EVV website.

### Programs, Services, and Service Delivery Options Affected by the 21st Century Cures Act

The table below lists the programs and services currently required to use EVV under state law and HHSC policy. The implementation of the 21st Century Cures Act will continue to require these programs and services to use EVV.

EVV is not currently required for services being self-directed through the Consumer Directed Services or Service Responsibility Options.
