Incentives for MCO Farmworker Child(ren) Activities

Applicability of Chapter 12.16

This chapter applies to Managed Care Organizations (MCOs) participating in the STAR Program, STAR Kids Program, and Children’s Medicaid Dental Services.

MCO Incentives

MCOs may receive non-financial incentives for their migrant efforts in the areas of collaboration with organizations that work with Farmworker Child(ren) (“migrant organizations”) and in methods used to identify Child(ren) (FWC) enrolled in their health plan.

Based on the following 750 point scoring matrix, HHSC will assess a score up to 600 points for an MCO’s collaboration efforts with migrant organizations (see Part 1 of the Farmworker Child(ren) Annual Report Log) and up to 150 points for the MCO’s efforts to identify FWC (see Part 2 of the Farmworker Child(ren) Annual Report Log). HHSC will total the points earned for each MCO. Based on the total points, HHSC will rank each MCO by managed care program from highest score to lowest. Rankings will be posted on the HHSC website.

HHSC will award points by MCO and managed care program based on the frequency of effort or the method used. MCOs on corrective action plan(s) (CAP(s)) for migrant activities will not be awarded points until HHSC has closed the CAP(s).

Points are awarded based on submission of the Farmworker Child(ren) (FWC) Annual Report Log (the FWC Log), with confirmation based on the FWC Annual Report, and additional documentation upon request.

Farmworker Child(ren) Annual Report Log - Scoring

Part 1:

MCOs will be rewarded for the highest activity achieved with each migrant organization and the frequency of the activity. The incentive is based on the MCOs collaborating with up to 20 migrant organizations within a state fiscal year.
(SFY). Although MCOs may earn more than 600 points for the activities described in this part; the maximum number of points awarded for this part will be 600.

For purposes of Part 1, a “meeting” is an in person visit with a migrant organization with one or more stated objectives and agenda topics regarding the organization’s migrant outreach program. A “site visit” is a visit to a migrant organization’s location for the purpose of collecting information, but with no substantive discussion of the organization’s migrant outreach program.

MCOs that execute agreements or Memorandum of Understanding (MOU) with migrant organizations for the purpose of establishing a process of ongoing identification of FWC, must renew the agreements or MOU with those organizations every two years from the execution date of the agreements or MOU for points to be awarded.
