

Do you or someone you care for receive Medicaid services through the **Medicaid for Breast and Cervical Cancer (MBCC) program?**

Beginning Sept. 1, 2017, people getting services through MBCC will get those services through a managed care program called STAR+PLUS.

STAR+PLUS is a Medicaid managed care program for adults who have disabilities and chronic medical conditions. People in STAR+PLUS get health care and long-term services and supports through a health plan they choose.

Because this might change how you find a doctor and services, we want you to learn about STAR+PLUS and the health-care choices you need to make.

PLEASE JOIN US FOR AN INFORMATION SESSION AT A LOCATION NEAR YOU.
