STAR+PLUS Program Services for Members with Medicaid Only:
Every STAR+PLUS medical plan offers the same basic set of health services you’ve been getting through traditional Medicaid. In addition to those services, STAR+PLUS plans offer more, such as:

- Health education classes
- Service coordination (helping you get the services you need)
- No limit on medicines your doctor orders (prescriptions)

Through STAR+PLUS you also get long-term services such as:

- Adult day care
- Adult foster care
- Nursing
- Medical supplies
- Assisted living/home care
- Emergency response services
- Short-term help for caregivers
- Adaptive aids (things like walkers and canes)
- Personal assistance (help with dressing, eating, and bathing)
- Home modifications (things like wheelchair ramps and grab bars)
- Speech therapy (helping you learn to speak again or speak better)
- Occupational therapy (helping you learn to do everyday activities)
- Physical therapy (helping you learn to move around better or become stronger)

Extra Services:
In addition to the services listed above, STAR+PLUS medical plans in your area also offer extra services. These extra services cannot be used in place of services provided by Medicaid, including those provided by the following programs: Intermediate Care Facilities for Individuals with Intellectual Disabilities or Related Conditions (ICF-IID), Home and Community-based Services (HCS), Community Living Assistance and Support Services (CLASS), Deaf Blind with Multiple Disabilities (DBMD), and Texas Home Living (TxHmL).

Use this chart to compare the extra services each plan offers its members. If you have questions about a plan’s extra services, call the number under that plan’s name.

A “blank” under a plan’s name means that the plan does not offer the service listed.
