January 30, 2019

Our Reference: SPA TX 19-0001

Ms. Stephanie Muth
State Medicaid Director
Texas Health and Human Services Commission
Mail Code: H100
Post Office Box 13247
Austin, TX 78711

Dear Ms. Muth:

We have reviewed the State’s proposed amendment to the Texas State Plan submitted under Transmittal Number 19-0001, dated January 7, 2019. This state plan amendment corrects the physicians’ and other practitioners’ state plan page by identifying the new conversion factor (CF) and removing conversion factors no longer used for anesthesia services as amended by SPA 17-0022 (effective November 1, 2017).

Based on the information submitted, we have approved the amendment for incorporation into the official Texas State Plan with an effective date change of January 1, 2019. A copy of the CMS-179 and approved plan pages are enclosed with this letter.

If you have any questions, please contact Ford Blunt of my staff. Mr. Blunt may be reached at (214) 767-6381 or by email at Ford.Blunt@cms.hhs.gov.

Sincerely,

Bill Brooks
Associate Regional Administrator

1. Physicians and Other Practitioners (continued)

F. Conversion factor equal to the current Medicare conversion factor – Effective April 1, 2010, for increases to certain RBFs for services provided by physicians and other practitioners. Implemented with respect to maintaining access to care for Medicaid clients for certain necessary medical services.

G. $25.60 – Effective November 1, 2017, for anesthesia services to clients under age 21.

H. $24.32 – Effective November 1, 2017, for anesthesia services to clients 21 years of age and older.

(d) Access-based fees (ABFs) are developed to account for deficiencies in RBFs relating to adequacy of access to health care services for Medicaid clients and are based upon: (1) historical charges; (2) current total Medicare fee (i.e., RVU times Conversion Factor) for the individual service; (3) review of Medicaid fees paid by other states; (4) survey of providers' costs to provide the individual service; (5) Medicaid fees for similar services; and/or (6) some combination or percentage thereof.

(e) General guidelines used when updating Medicaid fees for services provided by physicians and other practitioners include, but are not limited to, the following: updating the Medicaid relative value units (RVUs) to those currently in effect for Medicare and multiplying the updated RVUs by the current Medicaid conversion factor to result in an updated resource-based fee (RBF); increasing the Medicaid conversion factor to increase RBFs for which no RVU update is required in order to increase access to services; changing an existing RBF to an access-based fee (ABF) when the RBF methodology does not provide sufficient access to care; and changing an existing ABF to a RBF as appropriate.
