Ms. Stephanie Muth  
State Medicaid Director  
Texas Health and Human Services Commission  
Mail Code: H100  
Post Office Box 13247  
Austin, TX  78711

Dear Ms. Muth:

We have reviewed the State’s proposed amendment to the Texas State Plan submitted under Transmittal Number 19-0007, dated March 22, 2019. This state plan amendment updates the physicians’ and other practitioners’ state plan pages by identifying the new conversion factor (CF) for anesthesia services provided by certain children's hospitals.

Based on the information submitted, we have approved the amendment for incorporation into the official Texas State Plan with an effective date change of March 1, 2019. A copy of the CMS-179 and approved plan pages are enclosed with this letter.

If you have any questions, please contact Ford Blunt of my staff. Mr. Blunt may be reached at (214) 767-6381 or by e-mail at Ford.Blunt@cms.hhs.gov.

Sincerely,

Bill Brooks  
Director  
Centers for Medicaid & CHIP Services  
Regional Operations Group

Date Approved: 05-07-19
Date Effective: 03-01-19
Transmittal Number: 19-0007
1. Physicians and Other Practitioners (continued)

F. Conversion factor equal to the current Medicare conversion factor – Effective April 1, 2010, for increases to certain RBFs for services provided by physicians and other practitioners. Implemented with respect to maintaining access to care for Medicaid clients for certain necessary medical services.

G. $25.60 – Effective November 1, 2017, for anesthesia services to clients under age 21.

H. $24.32 – Effective November 1, 2017, for anesthesia services to clients 21 years of age and older.

I. $34.00 – Effective March 1, 2019, for anesthesia services to clients under 21 years of age and paid to children’s hospitals when the care team model is utilized, and the following criteria are met:
   • Level I/Level II trauma facility at separately-licensed children’s hospital, and
   • Level IV NICU, and
   • Not-for-profit, and
   • A minimum Medicaid utilization rate of 40 percent.

(d) Access-based fees (ABFs) are developed to account for deficiencies in RBFs relating to adequacy of access to health care services for Medicaid clients and are based upon: (1) historical charges; (2) current total Medicare fee (i.e., RVU times Conversion Factor) for the individual service; (3) review of Medicaid fees paid by other states; (4) survey of providers’ costs to provide the individual service; (5) Medicaid fees for similar services; and/or (6) some combination or percentage thereof.

(e) General guidelines used when updating Medicaid fees for services provided by physicians and other practitioners, include, but not limited to the following: updating the Medicaid relative value units (RVUs) to those currently in effect for Medicare and multiplying the updated RVUs by the current Medicaid conversion factor to result in an updated resource-based fee (RBF); increasing the Medicaid conversion factor to increase RBFs for which no RVU update is required in order to increase access to services; changing an existing RBF to an access-based fee (ABF) when the RBF methodology does not provide sufficient access to care; and changing an existing ABF to a RBF as appropriate.
1. Physicians and Other Practitioners (continued)

(f) When a procedure code is nationally discontinued, a replacement procedure code is nationally assigned for the discontinued procedure code, and Medicaid implements the replacement procedure code, a state plan amendment will not be submitted since the fee for the service has not changed.

(g) To ensure access to care and prompt provider reimbursement, when a new national procedure code is assigned to a physician-administered drug or biological product, a preliminary reimbursement rate will be established by the Texas Health and Human Services Commission (HHSC) based on the published Medicare reimbursement rate; or the average wholesale price (AWP) in the absence of a Medicare reimbursement rate for the procedure code or the comparable code. In accordance with 42 CFR §447.205(b)(1), a public notice and state plan amendment will not be submitted for this preliminary reimbursement rate. This will allow the new procedure code to be payable as the reimbursement process is completed with a public notice published and a state plan amendment submitted.

(h) All fee schedules are available through the agency’s website, as outlined on Attachment 4.19-B, page 1.

(i) The agency’s fee schedule was revised with new fees for services provided by physicians and other practitioners affiliated with tuberculosis clinics or employed by tuberculosis clinics, effective July 1, 2018, and this fee schedule was posted on the agency’s website on July 6, 2018.

(j) The agency’s fee schedule was revised with new fees for therapy assistants. Effective December 1, 2017, the reimbursement for therapy assistants will equal 85 percent of the payment to a therapist. Effective September 1, 2018, the reimbursement for therapy assistants will equal 70 percent of the payment to a therapist.

(k) The agency’s fee schedule was revised with new fees to include peer specialists effective January 1, 2019, and this fee schedule was posted on the agency’s website on January 7, 2019.

(l) The agency’s fee schedule was revised with new fees for physicians and other practitioners effective March 1, 2019, and this fee schedule was posted on the agency’s website on March 8, 2019.
