

## Military Hospital Response Due By March 19, 2015

The Medicaid/CHIP Division intends to update the Joint Interface Plan (JIP) effective March 31, 2015. The JIP update will convert provider type DE, Military Hospital, from a valid primary care provider (PCP) type to an invalid PCP type.

Please inform Ella Schwartz at [ella.schwartz@hhsc.state.tx.us](mailto:ella.schwartz@hhsc.state.tx.us), by close of business March 19, 2015, if any members are assigned to a military hospital and would be affected by this change.
