

## Instructions for Enabling Javascript

Open Internet Explorer.

Go to the Tools menu and choose "Internet Options."

On the Security Tab, click "Custom Level."

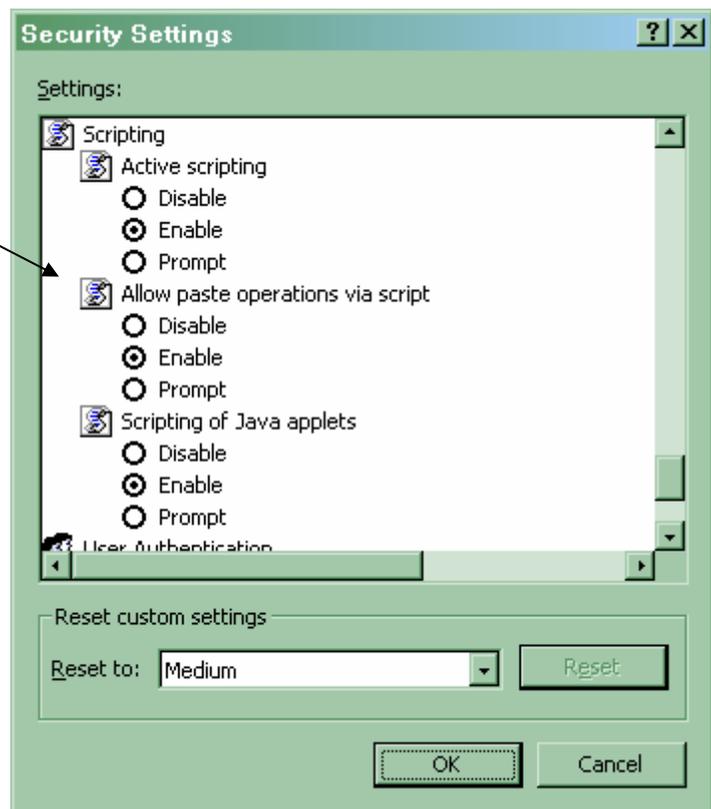

Scroll down to "Scripting." Ensure all three options are enabled:

Click OK.

Click OK again.

Close Internet Explorer and reopen it.

NOTE: If you use a browser other than Internet Explorer, you may obtain instructions from the following URL: [http://www.marketworks.com/en/help/help\\_Enable\\_Javascript.html](http://www.marketworks.com/en/help/help_Enable_Javascript.html)
