

Core Operating Rules Seeking Feedback Due June 17, 2016

HHSC and TMHP have begun work on implementation of Phase IV of the CORE Operating Rules, which includes the Safe Harbor Connection. HHSC and the Medicaid MCOs and DMOs currently have processes in place for the transfer of files and therefore claims portal claims and encounters have been excluded from this project.

HHSC is seeking feedback from Medicaid MCOs and DMOs on the adoption and use of the Safe Harbor method once implemented and if the Medicaid MCOs and DMOs plan to implement Safe Harbor Connectivity in their business operations.
